Portfolium

UConn has licensed a new electronic portfolio network, Portfolium, for all UConn faculty, staff, and students. It enables students to collect and organize unlimited multimedia examples of their work and then share them with faculty, classmates and employers. It integrates with HuskyCT, the University's learning management system, to facilitate contributions and exchange. Our contract with Portfolium also includes assessment management, Badging and Pathways, and TalentMatch, all tools that can be leveraged to enhance student success.

The Career Development Center will encourage all students to take advantage of Portfolium starting January 2020. If you would like a UConn account before January, complete the Portfolium Account Request form. You will receive an email with a link to activate your account. By setting up your account via this link, you will have a verified profile on Portfolium that is tied to your university accounts and has access to the additional tools.

Once you have a Portfolium account, you can keep it, even when you leave UConn.

Login to your Portfolium Account

Once you have activated your account, sign in to Portfolium:

2. Click UConn Single Sign On and login with your NetID and NetID password.

If you log out of your account and then want to login again, you will be prompted to enter your UConn email address. On the next screen, click UConn Single Sign On and continue the process.

Additional information for participating programs

- Honors: https://honors.uconn.edu/portfolium/
- Career Services: https://career.uconn.edu/resources/portfolium/
- Center for Excellence in Teaching and Learning: https://cetl.uconn.edu/portfolios/

CETL's Educational Technology department regularly offers programs on the use of an ePortfolio in the classroom and badging and provides resources on the use of electronic portfolios.
