Opening Teams Online

Faculty, staff, and student employees who have an Office 365 account have access to the communication and collaboration app, Teams. If the desktop client is installed, you can open it on your desktop. You also have the option of opening it in a web browser.

How to Open Teams in the Office 365 portal

1. Navigate to the Office 365 login page.
2. Select Office 365 from under the Login to Web Mail heading.
3. Log into Office 365 using your UConn email address and NetID password.
4. Click on the purple Teams icon at the top of the page.
