

Community Center and Alert List

CTDA Community Center

The CTDA Community Center, hosted on [Mobilize](#), is a place to bring our community members, from a wide variety of institutions, together to share their experiences, projects and tips with each other. The CTDA also uses the Community Center to keep all community members updated about projects and special announcements.

If you are a CTDA Community Member and want to join the conversation, please [visit this link](#) to apply.

Connecticut Digital Archive Community Center

CTDA Community Center
Apply to join CTDA Community Center

The CTDA Community Center is a place for CTDA users to stay current with updates about the repository, engage in conversation and learn from other community members.

CTDA Alert List

The CTDA Alert List is used by the CTDA team to send messages concerning any changes to CTDA technologies that affect when and how participants can add and/or manage content. Such alerts can concern re-indexing, maintenance, updates, or upgrades.

If you would like to apply to join the CTDA Alert List, please [visit this link](#).
