

Community Members

Connecticut Digital Archive Community Members

Who is the CTDA Community?

The CTDA community consists of educational, cultural, and memory institutions based in the state of Connecticut. Eligible institutions have a mission to preserve and make available historically valuable resources and records. CTDA is not open to individuals or organizations that do not have as part of their mission a commitment to preservation and access. CTDA encourages individuals or non-memory organizations to work with an eligible institution to preserve their organization's records.

Want to Join the CTDA?

If you are interested in the CTDA and want to become a member of our community, please visit the [Join CTDA](#) page for more information.
